

Phyto-Cat™ is a breakthrough biocatalytic water conditioner utilizing a safe green biochemistry for superior cleaning performance of organic and inorganic fouling of emitters and lines.

Phyto-Cat™ offers powerful water hydration benefits to plants, and the ability to lower water consumption.

Phyto-Cat™ transforms irrigation cleaning maintenance into a comprehensive water management tool that enhances water usage.

Phyto-Cat™ facilitates greater solubility of nutrients, supports root growth, and improves aerobic soil conditions.

Phyto-Cat™ attributes include:

- Maintains clean sand filters, irrigation lines and emitters.
- Optimizes water usage
- Enhances aerobic soil microbiology.
- Improves moisture penetration and uptake.
- Enhances bioavailability of nutrients.
- Improves subsurface root zones.

Important disclaimer: Every location, crop, and water source presents unique challenges which may impact performance of the product.

SAFETY DATA SHEET

A Phyto-Cat™ Safety Data Sheet is available through the BOC website at www.bio-organic.com. Please read the Safety Data Sheet carefully and follow all directions when using or handling this product.

AUTHORIZED DISTRIBUTOR

BIO-ORGANIC CATALYST, INC

THE POWER IN NATURE®

PHYTO-CAT™

Water Conditioner

Phyto-Cat™ is optimally used during watering cycles at a dosage rate of 2 - 4 ppm of total water flow. This allows ongoing maintenance of the entire irrigation system, including sand filters, lines, and emitters.

Phyto-Cat™ can be used for periodic cleaning of drip lines and emitters at a dosage rate of 1 liter (34 oz.) per acre for overnight cleanouts of lines and emitters.

Determine dosage rate requirements based upon specific growing conditions and water quality.

Not for organic crop or organic food production.

PRODUCT SPECIFICATIONS

Phyto-Cat™ is non-toxic, non-caustic. (see SDS report on website).

Recommended Shelf Life: 2 years.

Storage Temperatures: Minimum 2°C, Maximum 50°C.

CONTAINS NON-PLANT FOOD INGREDIENTS

CONTENTS

%	CONTENTS
89.5%	Aqueous Solution of Fermentation Supernatant (Yeast Extracts)
9.5%	Alcohols, C11 - 15 Secondary Ethoxylated (Non-Ionic Surfactant)

CAUTION

Keep out of the reach of children. If any product from this container splashes in eyes, rinse well with water.
